State of Nevada Assembly

Seventy-Fourth Session

September 13, 2009

United States Forest Service
c/o David Loomis, Project Manager
1536 S. Carson St.
Carson City, NV 89705

Dear Mr. Loomis,

This letter is to express some concerns with the Bridgeport District Travel Management Project.

It is greatly appreciated your agencies desire to preserve natural resources. The question comes as to the process for response, from the public. Several constituents have contacted me indicating that they had previously submitted additional, currently used roads, and that those roads have not been included. While it is your agencies responsibility to make determinations it would be helpful in those situations to inform the public why particular request have been denied.

Due to this, the large scale, and the long-term impacts of this plan I would urge you to extend, and or accept, comments beyond your agencies 45 day period. Decisions of this nature should not be rushed.

Sincerely,

Handwritten signature of James Settelmeyer.
