Dear Madam Chairman and Commissioners,

A group called the Nevada Wilderness Project is currently pushing Congress to designate as much as 692,889 acres of inappropriate Wilderness in Nevada (Douglas, Esmeralda, Lyon and Mineral Counties).

Stillwater Firearms Association urges you to review this issue and Nevadans opposition as delineated by the Coalition for Public Access (website at <http://www.cfpa-nv.org/home.htm>).

We firmly believe this project is not appropriate. Indeed, our own Churchill County lands could be targeted in the future. Our lands must be preserved and managed for multiple use.

We respectfully urge you to support our neighbor counties by corresponding with Senators Ensign and Reid and Representative Dean Heller, strongly voicing opposition to the NWP.

Please realize this issue is extremely important to Churchill County residents and untold numbers of law abiding and voting Nevada citizens.

Sincerely,

J. L. Rhodes
